 - **Make project or site-specific recommendations**
- **Policy-makers and lawmakers must take definitive steps to:**
 - **Authorize the related actions in this CWP**
 - **Appropriate the funding needed for implementation**

Roadmap for Action

(Strategic Plan Elements)

Water Plan Strategic Vision

California has healthy, resilient watersheds and reliable and secure water resources and management systems. Public health, safety, and quality of life in rural, suburban, and urban communities are significantly improved as a result of advancements in IWM. The water system provides the certainty needed for quality of life, sustainable economic growth, business vitality, and agricultural productivity. California's unique biological diversity, ecological values, and cultural heritage are protected and have substantially recovered.
